

Technology in the Classroom: The Students' Perspective

During the Fall semester, the Instructional Technology Committee performed a random sampling of undergraduate, graduate and School of Continuing Education students about their experiences with technology at PC.

Members of ITeC will summarize these interesting results. A student panel will elaborate on student experiences with technology on campus.

**Friday, February 7, 2014
12:30-2:00, Feinstein 304**

Refreshments will be provided.
Please RSVP to cte@providence.edu or ext. 1340
by February 5th to register to attend.
